

Langley Haven

Excellence in
Dementia Care

About Langley Haven

Langley Haven Care Home is located in a quiet cul-de-sac in Langley, near Slough in Berkshire. Despite its quiet location road, bus and mainline railway access is superb

It is owned by Haven Care Home Management who have continually invested heavily to create a beautifully furnished care home for up to 35 people aged 65 or over, living with dementia.

The home provides high quality 24-hour care in comfortable and friendly surroundings.

Food is home cooked with a varied menu, and a choice at each meal.

Life at Langley Haven is enhanced with a variety of activities, both in the home and outdoors.

Read on to find out more about Langley Haven care home.

People Say The Nicest Things

The facilities are of an excellent standard and continue to improve.

My mother is very happy and loves everyone, which in turn, makes me happy.

Daughter of Resident

Our communal areas include the main lounge where residents can spend their time just relaxing, undertaking activities, or being entertained. There is also a small quieter lounge which can be used as a meeting place when families and friends visit.

Langley Have boasts an amazing enclosed rear garden. It is spacious and includes chairs with parasols to provide shade. The area is well populated with potted plants and flowers.

The garden is used for basic outdoor relaxation, activities and we have many garden parties to celebrate major events and resident's birthdays.

All rooms are furnished to the highest standard, and in addition to the comfortable bed with bedside table, there is an armchair, wardrobe, chest of drawers and colour TV. There is a call bell for a resident to use when assistance is required.

Every room can be enhanced and made more homely with the resident's personal effects, and the front doors are of different colours, and with personalised nameplates so residents find it easier to locate their room.

We have 33 single rooms plus a twin room to accommodate a couple. All but one of the rooms have en suite facilities.

Dining is not just about eating food, although nutrition is very important, especially for those living with dementia. It is also a social occasion, so we endeavour to make it exactly that. In addition to the main dining room residents can also choose to eat in the lounge, or in their own room.

All our meals are freshly prepared and cooked on site by our kitchen team, and we provide a choice at every meal, and for every course during the day. We can cater for all dietary requirements, including special diets, low fat, diabetic, low sodium, gluten free and vegetarian.

Soft drinks and snacks are always available from our Hydration Station.

Life at Langley Haven

In addition to providing the best care at Langley Haven we also strive to maximize the quality of life of our residents with our activities programme. As a care team we work hard to ensure that all residents are treated with dignity and enjoy their privacy and independence.

We believe it is important to spend as much time with our residents, and less time with paperwork. But accurate care planning is essential for their well-being and safety. This is why we use the best in digital care planning systems.

Our activities Co-Ordinator ensures that every week there is a varied programme of events to keep residents fully interested and occupied. The events take place in the home, or the garden and we are also able to go out and about in our own minibus.

Reminiscence therapy is very important for people living with dementia and we have our own dedicated room. The items within the room will bring back memories and encourage discussions about a person's past.

People Say The Nicest Things

This home is friendly and compassionate and there is always a pleasant atmosphere when we go. They care about their residents and they are always pleased to see their visitors

Volunteer at Langley

We also have an interactive digital table that residents can use for sensory therapy. The hair salon in the home is where professional stylists come in and pamper residents at their leisure.

Our days out in our own minibus include boat trips on The Thames from Henley and ten pin bowling.

We make a point of celebrating everybody's birthday and other major events.

We would love to show to around our beautiful home, so please contact us to arrange a visit, full details on the back page.
